

The Emin Way Presents...

A Workshop on Values and Qualities

Where do values and qualities come from? What is their source? Why do we engage in life at times in a way that does not align with our values?

The values and qualities we each uphold are not always fixed. They seem to ebb and flow and change over time. Some of this process goes on as a deliberate and conscious attempt to update and develop ourselves and at other times it happens unconsciously by way of osmosis.

You are invited to join us this Sunday as we explore these territories and work in practical ways to live a life that remains true to what is important.
